Key messages:

Kinship

Kinship is a support group for carers in the Bournemouth, Christchurch and Poole area where they can meet other kinship carers and access further sources of support.

A kinship carer is somebody who is raising children because their birth parents are unable to.

Are you a kinship carer?

A kinship carer is someone who is raising a relative's or friend's child.

Come along to our group for kinship carers

A chance to meet, listen, share and support one another.

When: 10:30-12:30
Thursday 4th January 2024
Thursday 1st February 2024
Thursday 7th March 2024

ParentLine confidential text messaging service

ParentLine is a confidential text messaging service providing parents and carers of 0-5 year olds in Dorset to seek advice from our health visiting team about their child's health and development via text message.

Parents and carers can seek advice about a range of issues such as breastfeeding, bottle feeding, weaning, sleep, toileting, minor illness, behaviour, parenting and more.

ParentLine runs 9am-5pm, Monday to Friday (excluding weekends and bank holidays) with a ParentLine practitioner responding to messages within one working day. If a text is sent outside these hours the parent/carer will receive an automated message with advice on where to get help if they require it urgently. This new messaging service is being provided in addition to the current health visiting service offer.

Text 07312 277162 for confidential advice and support from a member of the health visiting team

ParentLine is not an emergency service, for urgent medical attention contact your GP, 111 or 999.

Punctuality

Since the start of the spring term there has been a noticeable increase in the number of students who are arriving after 8.30. **A reminder that the school gates open at 8.15am and students should be arriving as close to this time as possible.** Between 8.15am and 8.30am the students are organising their equipment for the day as well as completing some additional learning activities. At 8.30am the register is taken and the morning advisory programme begins. This advisory programme includes vital messages as well as key lessons such as careers and futures, this is particularly vital for year 9s at the moment with the options process underway. It is not fair on the rest of the class, or the staff, if the start of the first lesson is disrupted by children arriving late.

We kindly request your support in instilling the value of punctuality in your child's routine. Encourage them to get at least 8 hours sleep, plan their mornings, prepare their materials in advance and emphasise the significance of arriving on time.

Home Learning

A reminder following communication sent last term, our Home Learning strategy is now up and running. Please encourage your child to complete their goals in Sparx Reader, Sparx Maths, Tassomai Science and Tassomai English. You should receive emails from both Sparx Maths and Tassomai to update you on your child's weekly progress- the Sparx Maths email has a link to a portal which allows you more insight into both

Sparx Maths and Sparx Reader. We appreciate your support in helping the pupils to access these platforms. A suggested Home Learning timetable was included in the original communication, which may help you and your child navigate this. Home Learning Club runs on Mondays after school and you may wish to encourage your child to attend this support.

Rewards Trip - Spring Term

The upcoming Spring Rewards Trip will be based upon students having excellent attendance, displaying positive behaviour and their overall attitude to learning throughout the given dates. 15th January (last 3 weeks of half term) up until 15th March (first 4 weeks back of half term). The trip will run in the week beginning 25.03.2024.

Smart Phones

According to Ofcom, 69% of under-18s use a smartphone as their main method of going online. Additionally, 49% of children use them for online gaming – putting smartphones only behind consoles (59%) as the device of choice for playing games on. Most people won't require such statistical evidence, however, to acknowledge the huge importance of phones to young people. Year on year we are seeing a greater number of young people with smartphones and it is vital for families to ensure that their children are able to use their handsets responsibly – and, above all, safely. From passcodes to parental controls, and from screen time to scams, our [linked guide](#) has the essential advice.

Food Vouchers

If any families are struggling to put food on the table, please contact our Safeguarding Team in confidence. We may be able to help for example with the issuing of food vouchers.
